TESTI

(da *Battalions Of Fear*)

Majesty

Now the time has come for me to leave this
land

Take my charge with pride sacrifice

Running and hiding I'm left for the time
To bring back the order of devine
Hunted by goblins no Gandalf to help
With swords in the night
Oh the last part of the game

Decision of death and life

Blood for Sauron they'll call tonight

The final battle cry

Running and hiding I'm left for the time

To bring back the order of devine

There exist no tales and hobbits are crying for
all

Children of death

I have a dream the things you've to hide for

Deliver our kingdom and our reich

Don't fall in panic just give me the thing

That I need or I kill

Don't run away for what have I done

Oh majesty your kingdom is lost

And you will leave us behind

Oh majesty your kingdom is lost

And ruins remind of your time

Now come back

Run, run, run

Cries Cries in a dark land

Hear the voice it's cold as ice

Eyes They are watching

They look for me but cannot find

Creature is following no place to escape

My last steps will find the right way

Where's the future the call of the blind

Cause there is none to find

Watch the sky you see no light

My weapons burst with fear

With the howling wolves the nazgul will die

For all Children of death

Cries Cries in a dark land

Hear the voice it's cold as ice

Eyes They are watching

They look for me but cannot find

Run Run for the whole world

It's time you cannot wait

Lost Lost in a dark world

You feel the strange but cannot see

Too many battles we carry along from the war

And too many frightens we feel from his law

For so many victories we're praising so strong

For so many blood we've lost

Run, run, run

Behind

Run, run

(da *Tales From The Twilight World*)

Lord Of The Rings

There are signs on the ring

which make me feel so down

there's one to enslave all rings

to find them all in time

and drive them into darkness

forever they'll be bound

Three for the Kings

of the elves high in light

nine to the mortal

which cry

Slow down and I sail on the river

Slow down and I walk to the hill

And there's now way out

Mordor

dark land under Sauron's spell

threatened a long time

threatened a long time

Seven rings to the gnomes

in their halls made of stone

into the valley

I feel down

One ring for the dark lord's hand

sitting on his throne

in the land so dark

where I've to go

Slow down and I sail on the river

Slow down and I walk to the hill

Lord of the rings

(da *Somewhere Far Beyond*)

The Bard's Song - In The Forest

Now You all know

The bards and their songs

When hours have gone by

I'll close my eyes

In a world far away

We may meet again

But now hear my song

About the dawn of the night

Let's sing the bards' song

Tomorrow will take us away

Far from home

Noone will ever know our names

But the bards' songs will remain

Tomorrow will take it away

The fear of today

It will be gone

Due to our magic songs

There's only one song
Left in my mind
Tales of a brave man
Who lived far from here
Now the bard songs are over
And it's time to leave
Noone should ask You for the name
Of the one
Who tells the story

Tomorrow will take us away
Far from home
Noone will ever know our names
But the bards' songs will remain
Tomorrow all will be known
And You're not alone
So don't be afraid
In the dark and cold
'Cause the bards' songs will remain
They all will remain

In my thoughts and in my dreams
They're always in my mind
These songs of hobbits, dwarves and men
And elves
Come close Your eyes
You can see them, too

The Bard's Song - The Hobbit

Out in the distance
There's so much gold
The treasure that I've found
Is more than enough
Far to be the hill we've to go
Over the mountain and seas
To the old hill
Where the old dragon sleeps
Blind in the dark dungeon's night
So God please take me away from here
And Gollum shows the way right out

I'm alive

The dying dragon brought trouble and pain
And horror to the halls of stone
I'll take the mighty stone
And leave the dwarves behind
Ice and fire and forest we passed
And horror in the halls of stone

Trolls in the dark
The dawn took them all
Caught in the wood
By the wooden kings' men
But now I'm alone
'Cause I've made up my mind
By the spell of gold

The king under the mountain
Will risk the great war
Oh what a fool
He's losing control
So I am trying to find a way
Blind in the dark dungeon's night
Then darkness comes from the northern side
And Thorin clears his mind

(da *Imaginations From The Other Side*)

Imaginations From The Other Side

Where are these silent faces
I took them all
they all went away
now you're alone
to turn out every light so deep in me
hold on, to late

Will I ever see them back again
or did they all die by my hand
or where they killed
by the old evil ghost
who had taken
the ocean
of all my dreams
which were worth to keep
deep inside my heart
I wish I
could get them back
from the everflow
before they'll fade away

Imaginations from the other side
far out of nowhere
it got back to my mind
Imaginations from the other side
far out of nowhere
it got back to my mind
out of the dark
back to the light
then I'll break down
the walls around my heart
Imaginations from the other side

Where's the ocean's daughter
was Peter Pan in Mordor
no one's there to keep alive
all these fairy tales
may I return to Oz
will I meet the "Tin Man"
"Coward Lion" where are you
without brain the scarecrow's lost
in the middle of the lake
stranded in the real world
left in a world
no place for daydreams
serious life
I fall into
I fall into a dark hole
and I can't come out

do you know if Merlin did exist
or Frodo wore the ring
did Corum kill the gods
or where's the wonderland
which young Alice had seen
or was it just a dream
I knew the answers
now they're lost for me

I hope there is a way back
with my talisman
so I look into myself
to the days when I was just a child
come follow me to wonderland
and see the tale that never ends
don't fear the lion nor the witch
I can't come back
I'm lost but still I know
there is another world

(da *Nightfall In Middle-Earth*)

War of Wrath

narrator (Sauron):

The field is lost
Everything is lost
The black one has fallen from the sky and the
towers in ruins lie
The enemy is within, everywhere
And with him the light, soon they will be here
Go now, my lord, while there is time

There are places below

(Morgoth):

And you know them too
I release thee, go
My servant you'll be for all time

(Sauron):

As you command
My king

(Morgoth):

I had a part in everything
Twice I destroyed the light and twice I failed
I left ruin behind me when I returned
But I also carried ruin with me
She, the mistress of her own lust

Into the Storm

Give it to me
I must have it
Precious treasure
I deserve it

Bridge:

Where can I run
How can I hide
The Silmarils
Gems of freelight
Their life belongs to me
Oh it's sweet how the
Darkness is floating around

Chorus:

We are following
The will of the one
Through the dark age
And into the storm
And we are following
The will of the one
Through the dark age
And into the storm
Lord I'm mean

Blackheart show me
What you hold in your hand
I still hunger for more
Release me
From my pain
Give it to me
How I need it
How I need it
How I need it

bridge

chorus

I did my part
Now it's your turn
And remember
What you've promised

bridge

chorus

Nightfall

No sign of life did flicker
In floods of tears she cried
"All hope's lost it can't be undone
They're wasted and gone"

"Save me your speeches
I know (They blinded us all)
What you want
You will take it away from me
Take it and I know for sure
The light she once brought in
Is gone forevermore"

Like sorrowful seagulls they sang
"(We're) lost in the deep shades
The misty cloud brought
(A wailing when beauty was gone
Come take a look at the sky)
Monstrous it covered the shore
Fearful into the unknown"
Quietly it crept in new horror
Insanity reigned
And spilled the first blood
When the old king was slain

chorus:

Nightfall
Quietly crept in and changed us all
Nightfall
Quietly crept in and changed us all
Nightfall
Immortal land lies down in agony

"How long shall we
Mourn in the dark
the bliss and the beauty
Will not return
Say farewell to sadness and grief
Though long and hard the road may be"
But even in silence I heard the words
"An oath we shall swear
By the name of the one
Until the world's end
It can't be broken"

Just wondering how
I can still hear these voices inside

The doom of the Noldor drew near

The words of a banished king
"I swear revenge"
Filled with anger aflamed our hearts
Full of hate full of pride
We screamed for revenge

chorus

"Vala he is that's what you said
Then your oath's been sworn in vain

(But) freely you came and
You freely shall depart
(So) never trust the northern winds
Never turn your back on friends"

"Oh I'm heir of the high lord!"
"You better don't trust him"
The enemy of mine
Isn't he of your kind and
Finally you may follow me
Farewell
He said

chorus

Back to where it all began

The Minstrel

So I stand still
In front of the crowd
Excited faces
Whar will be next?
I still don't have a clue

The Curse of Fëanor

Taken the long way
Dark realms I went through
I arrived
My vision's so clear
In anger and pain
I left deep wounds behind
But I arrived
Truth might be changed by victory

Beyond the void but deep within me
A swamp of filth exists
A lake it was of crystal beauty
But Arda's spring went by
I've heard the warning
Well curse my name
I'll keep on laughing
No regret
No regret

chorus (1):

Don't fear the eyes of the dark lord
Morgoth I cried
All hope is gone but I swear revenge
Hear my oath
I will take part in your damned fate

I will always remember their cries
Like a shadow which covers the light
I will always remember the time
But it's past
I cannot turn back the time
(I) don't look back
There's still smoke near the shore
But I arrived
Revenge be mine

chorus (2):

I will take part in your damned fate
Morgoth I cried
It's my oath
So don't fear the eyes
Of the dark lord

Soon you will be free
Set your spirit free
"Suddenly I realized
The prophecies
I've never believed in
My deeds were wrong
I've stained the land
And slain my kin
(Burning Soul)
There's no release from my sins
It hurts
THE CURSE OF FĒANOR RUNS LONG
Time and only time will tell us
Tell: was I right or wrong?
When anger breaks through
I'll leave mercy behind"

chorus (2)

I will always remember their cries
Like a shadow they'll cover my life
But I'll also remember mine
(And) after all I'm still alive

Captured

narrator (Morgoth):

You are now my guest, forever

Blood Tears

Welcome to my realm
We are both condemned to live
It's a dark fate
(I can hear your calls
I can hear your calls)
THE ETERNAL LIFE

I see it still burns
Each night I cry in pain

Alive
Though the end appears my friend

chorus:
And blood tears I cry
You've searched and you've found
Cut off your old friends hand

My mind's
In frozen dreams
The rotten flesh
Of bitter lies
Welcome to where time stands still
Noone leaves and noone ever will

Can't hold it
It burns
Each night I cry in pain

chorus:
And blood tears I cry
Endless grief remained inside
And blood tears I cry
Endless grief remained inside

It seems so clearly
Bent the bow
Cause life in me is gone

And a cruel wind's blowing cold
And a cruel wind's blowing cold
In blame

And life it shall wane
Each night I cry in pain

chorus:
And blood tears I cry
Endless grief remained inside
Cut off your old friends hand

Mirror Mirror

Far, far beyond the island
We dwelt in shades of twilight
Through dread and weary days
Through grief and endless pain

It lies unknown
The land of mine
A hidden gate
To save us from the shadow fall
The lord of water spoke
In the silence
Words of wisdom
I've seen the end of all
Be aware the storm gets closer

chorus (1):
Mirror Mirror on the wall
True hope lies beyond the coast
You're a damned kind can't you see
That the winds will change
Mirror Mirror on the wall
True hope lies beyond the coast
You're a damned kind can't you see
That tomorrows bears insanity

Gone's the wisdom
Of a thousand years
A world in fire and chains and fear
Leads me to a place so far
Deep down it lies my secret vision
I better keep it safe

Shall I leave my friends alone
Hidden in my twilight hall
(I) know the world is lost in fire
Sure there is no way to turn it
Back to the old days
Of bliss and cheerful laughter
We're lost in barren lands
Caught in the running flames
Alone

How shall we leave the lost road
Time's getting short so follow me
A leader's task so clearly
To find a path out of the dark

chorus (2):
Mirror Mirror on the wall
True hope lies beyond the coast
You're a damned kind can't you see
That the winds will change
Mirror Mirror on the wall
True hope lies beyond the coast
You're a damned kind can't you see
That the winds will change

Even though

The storm calmed down
The bitter end
Is just a matter of time

Shall we dare the dragon
Merciless he's poisoning our hearts
Our hearts

How shall we leave the lost road
Time's getting short so follow me
A leader's task so clearly
To find a path out of the dark

chorus (2)

Face the Truth

narrator:
The moon, the sign of hope
It appeared when we left the pain of the ice-
desert behind
We faced up to the curse and endured misery
Condemned we are
We brought hope, but also lies, and treachery

Noldor (Dead Winter Reigns)

Noldor
Blood is on your hands
Your bane's
A tearful destiny

Black clouds will carry
Rain of blood
I've seen it rain

We were lost
On grinding ice
In fear and hunger
Dead winter reigned
In Araman

prebridge:
(You) can't escape
From my damnation
(Nor) run away
From isolation

bridge:
Guilty spoke the one
This deed can't be undone
Hear my words
Fear my curse

chorus:
I know where the stars glow
(And the) sky's unclouded
Sweet the water runs my friend
(But) Noldor
Blood is on your hands
Tears unnumbered
You will shet and dwell in pain

Your homeless souls
Shall come to me
There's no release
Slain you might be
Slain you will be
Slain you will be

And the lost
Who will not reach the
House of spirits
(Will) grow old and weary

prebridge

bridge

chorus

I've seen this bitter end
As I've foreseen
The storm and ice
And I could see it
(How) a million died
And I?
The blame's on me
Cause I was not there

prebridge

bridge

chorus

Dead winter reigns
And tomorrow's still unknown
Lies
Condemned and betrayed
Now everything is said
See my eyes
Are full of tears
And a cruel price
We've paid
But still I can't claim
That I'm innocent

Lost

Battle of Sudden Flame

Oh lord here I stand
Suddely everything's gone
For all Noldor
From now on my life
Is my gift to you
Just lead my fate
To the victory
Of elves

Time Stands Still (At the Iron Hill)

Light fails at dawn
The moon is gone
And deadly the night reigns

Deceit

Finally I've found myself
In these lands
Horror and madness I've seen here
For what I became a king of the lost?
Barren and lifeless the land lies

bridge:

Lord of all Noldor
A star in the night
And a bearer of hope

He rides into his glorious battle alone
Farewell to the valiant warlord

chorus (repeat 2x):

The Fate of us all
Lies deep in the dark
When time stands still at the iron hill

I stand alone
Noone's by my side
I'll dare you
Come out
You coward
Now it's me or you

He gleams like a star
And the sound of his horn's
Like a raging storm
Proudly the high lord
Challenges the doom
Lord of slaves he cries

Slowly in fear
The dark lord appears
Welcome to my lands
You shall be damned

bridge

chorus

The iron crowned
Is getting closer
Swings his hammer
Down on him
Like a thunderstorm
He's crushing
Down the Noldor's
Proudest king

Under my foot
So hopeless it seems
You've troubled my day
Now feel the pain

bridge

chorus

The Elvenking's broken
He stumbles and falls
The most proud and most valiant
His spirit survives
Praise our king
Praise our king
Praise our king
Praise our king

The Dark Elf

A dark seed of evil is grown

Thorn

A black swan
Is born that night
The misty pond
(Has) got a new king
Got a new king
So what can we do

With our lives
When it all begins
It's hard and
It's cruel
Will grace die in pain?
Will light ever rise again?

I'm trapped in darkness
Still I reach out for the stars
I'm moving in silence
I leave it all far behind

chorus:

Oh at dawn
I'll face the edge of thorns
Oh at dawn
I'll pray at the edge of thorns
Oh at dawn
I'll face the edge of thorns

Let us march on
To the fields of sacrifice
(I'm) wondering why
I'll carry on
Will I betray myself
To rise

In the silence
It's time to explain
(And)
Search for truth in lies
Useful lies
Needless love's damned

What can we do with our lives
When it all begins

chorus

Come follow me
And you will see
How it will be
When all the pain is gone away

chorus

Let us march on
Though there's no hope at our side
Let us be brave
Though by glory we are denied
But
Don't you think
It's time for us
To bring to an end
Come play the song of death
The wisdom in us both
Will make it
Special guaranteed
Play the song of death

I'm lost in the depths of his eyes
I can't flee
Inner pain caused insanity
It's deep within
The fear and the hunger
Enslaved and denied
By my love and my enemies
I'm the illgotten son

chorus

The Eldar

I've seen the moon
And the first sunrise
I'll leave it to the memories
And kiss the wind goodbye

chorus:

For the Eldar
I'm trapped inside this dream
Of the Eldar's
Song of doom

I've tasted poison
When I drank the wine of fate
But the fear was in my heart
I realized too late
The house of spirits call

chorus:

For the Eldar
I'm trapped inside this dream
Of the Eldar's
Song of the doom

High's the fee
Soon my spirit will return
Welcome dawn
Your light will take me home

I say farewell

chorus:

To the Eldar
I'm trapped inside this dream
Of the Eldar's
Song of doom

Nom the Wise

narrator (Beren?):

Thus he died
Nom the Wise
Lord of the caves and friend of man
Fair, and noble
Most beloved of the Noldor race
Paid the price, he redeemed the oath
Farewell my friend, farewell

When Sorrow Sang

So let me out of it
Out of the cold
To bring back light and hope for all

And so if I could get you in
Just for a little while
Into the songs of sorrow
You might understand

Where am I now
Beyond the dawn
(Where) hope's turned to dust
At all

Immortal love's
Fooled by the hands of doom
That love means death
I realized too soon

chorus:

Caught in the afterlife
I've gone too far
When sorrow sang softly and sweet
The air was filled with tears
Full of sadness and grief
When sorrow sang softly and sweet

I feel like screaming
But I can't breath in
Shall I wane right now
I will not leave this
World of living
Till she has said
Goodbye

Out in the cold
I still wait for her call
And her last kiss
It shall be release
I can't forget her
Her face will not leave
From the depths of my soul
I long for her

So I heard all about it
Her voice's so clear
She's woven both themes in there
Moved me to tears
The world shall hear this sad song
Song of sorrow song of grief
Can't change the way of his kind
Can't change the way of her kind

chorus

Out on the Water

Out on the water
The island of the dead that live
There they dwelt
Until they left the world and
Still their deeds live forth in songs

The Steadfast

narrator (Morgoth):

Now truly I am king of the world
Master of fate
Damned shall thy house be
Thou shall not question my power
Nor shall thou defy me further

A Dark Passage

I feel cold
Facing the darkness
The light's gone away
Deep in his castle he said
All land'll be mine
There's one thing for sure
The triumph of shadow is near
Deep in his castle they sang
We shall not rest
Until all will be thine

All land is mine
You can be sure
Don't dare me

the mighty one screamed

chorus:

Smashed down the light
I will not rest till I'm king
Valinor's empty now
allied the elves and men
they shall be damned

Rise of Fall
a dark tale ends

just wondering how
in the darkness
they found their way
to the right place
children of the sun
second kindred
we call their race
treat them kindly
born in the east
(are the) nightfearer
they moved westwards
towards the sunshine
(they are) morning breath like
short's their life
(like) dawn passes by
when the day comes
the field was lost
(and) hope had passed away
the sun went down
beyond the sea
dark was the hour
but day shall come again

chorus

Clean my wounds
wash away all fear
let courage be mine
noone hears me crying

no song no tale
which contains all the grief
(but)
renowned the deeds
and the victims of defeat

sit down on your chair
and look out for your kin
with my eyes you'll see
and with my ears you'll hear
you troubled my day
and you've questioned my strength
(but) don't mess
with the master of fate

chorus

I smashed down the light
and dared Valinor
I smashed down the light
revenge will be mine

Slowly marching on
still we're marching on

Final Chapter (Thus Ends...)

narrator:

Thus ends the fifth battle

By the treachery of men the field is lost
The night falls and great is the triumph of evil
The league is broken
The last vestige of hope lives in the hidden
king
Only he troubles the dark one's mind
Only he could bring ruin to the black foe
Though the land lies down in agony and the
curse lives on
A new star shall arise
And a new day shall come, again
